EDUCATION

University of Virginia, College of Arts & Sciences, Charlottesville, VA   *Expected May 2022*
Bachelor of Arts in Computer Science
Cumulative GPA: 3.85/4.0
Relevant Coursework: Algorithms, Computer Architecture, Advanced Software Development, Data Structures, Theory of Computation, Cloud Computing, Programming Languages for Web Development, Database,

Thomas Nelson Community College
Associate of Science in Computer Science
Cumulative GPA: 3.95/4.0

SKILLS

Skills: Web Development, Data Analysis, Software Development, Bash
Programming Languages: Python, JavaScript, HTML/CSS, C++, PHP
Tools: AWS(S3, EC2, DynamoDB, Lambda), VSCode, Git, Docker**| Database:** MongoDB, SQL, PostgreSQL
Frameworks: Bootstrap, Angular, React, Django, Flask, Express.js, TailwindCSS
World Languages: Proficiency in English, Japanese, Native in Korean

RELEVANT EXPERIENCE

Memory Creator Project   *Winter 2021*
- o   Developed website to make, modify and delete memory cards
- o   Used React, Express.js and MongoDB and deployed with Heroku/Netlify

Budget Manager Project   *Winter 2021*
- o   Used React, Material UI, Express.js, MongoDB to manage expenditure
- o   Collaborated with UX designer in order to implement backend functionalities

Roommate Finder Project   *Spring 2021*
- o   Developed web application for University of Virginia students who are looking for a house to live
- o   Tested and helped application run automatically using Git, Heroku, TravisCI as a role of DevOps

Virginia Tech Plasma Computational Lab – Full Stack Developer   *Summer 2020*
- o   Designed web-based user experience for plasma physics simulation software
- o   Programmed using HTML, CSS, JavaScript, Flask and RedisDB
- o   Implemented CRUD operations so users can create, update, delete and run simulations of plasma data

Virginia Tech Plasma Computational Lab – Research Assistant   *Summer 2019*
- o   Created application(Github) leveraging Bokeh, plotting library
- o   Compared/Analyzed with application made with Matplotlib in terms of time and space efficiency

ADDITIONAL EXPERIENCE

Server, Doma-Korean Kitchen, Charlottesville   *April 2021-Present*
- o   Communicated clearly and positively with coworkers and management
- o   Maintained high standards of customer service during high-volume, fast-paced operations

Undergraduate Teaching Assistant - Korean   *Fall 2021-present*
- o   Helped students understand written/spoken Korean
- o   Held office hours to answer any questions from student
